Zpad Plus

Zpad Plus-RFID

Zpad Plus [QR]

ZPad Plus Series are ZKTeco's latest multi-functional data collection device, incorporating the Android 7.1 platform and integrating FBI PVI certified Z-ID Fingerprint Sensor, RFID module and QR module(Optional).Support 4G function. The device is equipped with an internal battery and a 7-inch touch screen display and features wireless communications via Wi-Fi and Bluetooth.

ZPad Plus is available in three different versions: ZPad Plus, BioTime Web, and ZPad Plus Cloud.

In combination with GoTime Cloud, our cloud-based Time & Attendance Management Software solution, your attendance and employee data will always be available and secure in Amazon servers. The users will have access to Attendance events and management, being able to set different user privileges.

We provide two different memory solutions for Zpad Plus series, 1GB RAM+8GB ROM, or 2GB RAM+16GB ROM.

Green code solution

ZPad Plus[QR]

Contactless ZK Green Pass

QR Code Scanner for
Access Control

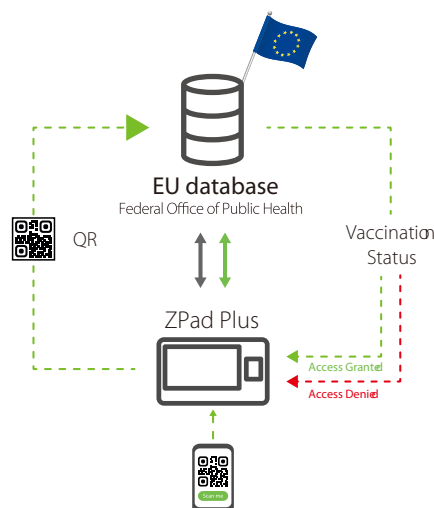

Zpad Plus(QR) version is a standard green code solution launched in response to the COVID-19 epidemic situation in the EU, which is used to verify the health status of people entering and leaving.

ZPad Plus QR certifies that the user:

- ✓ Is **vaccinated** with any Covid-19 vaccine.
- ✓ Has performed a **test with a negative** result within the last 48 hours.
- ✓ Has **recovered from the virus** within the last six months.
